BOSTON.

THE AMERICAN Iron Post and Construction Co.,

OFFICE, 31 MILK STREET, BOSTON.

Manufactures a METALLIC POST FOR WIRE FENCES, possessing many great advantages over all metal posts hitherto made, among which are the following:
It is of Iron or Steel. It is protected from Rust by an indestructible covering.

IT IS CHEAP.

It is driven into the ground—no digging of post holes.

IT WILL NOT BURN UP.

There are needed NO NAILS OR STAPLES for attaching the wire,—only sledge, wire and posts to put up the fence.

For RAILROADS a wire fence with this post is CHEAPEST and BEST.

For FARMERS it is the CHEAPEST and BEST.

For COUNTRY ROADS IT IS THE BEST, as it affords no place for weeds in summer, or for snow-drifts in winter.

It is ORNAMENTAL, and the best for yards, gardens, orchards and trellises. It will keep out cattle and boys. Flat, barbed or plain wire can be used with this post.

INQUIRE OF DEALERS IN FENCE WIRE.

ESTABLISHED 1831

THE UNITED STATES STREET LIGHTING CO., Contractors for Lighting Streets

AND DEALERS IN

Plain and Fancy Street and other Lanterns,

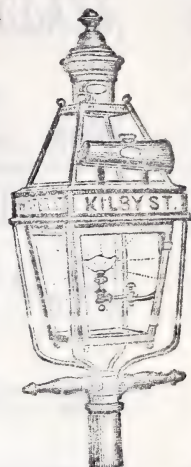

LAMP POSTS, &c., &c.

Office, 54 Kilby, corner Water Street,

BOSTON.

This Company beg leave to call the attention of Cities and Towns wanting a **Superior Street Light**, to their facilities for furnishing the same. Being owners and lessees of valuable patents used in this business, which together with the low price of fuel, enables them to guarantee a light exceeding in brilliancy and cheapness of price, any other light now in use. They are also called the attention of all interested to the fact that the light supplied by this company is **permanent**, not subject to being easily extinguished by the wind or by defects in the lanterns, a matter of great importance in lighting streets. Contracts made for one, three or five years, as committees may desire.

The long experience of the officers of this Company in lighting streets with gasolene warrants them in promising faithful work and prompt attention.

CORRESPONDENCE SOLICITED.

TELEPHONE 238, Freight.

THE
MAINE CENTRAL RAILROAD

Now extends from **PORTLAND** to and beyond Bangor to the boundary line between the **STATE OF MAINE** and the **PROVINCE OF NEW BRUNSWICK**, a distance of two hundred and fifty miles, it forms with its connections the only rail route to and from all parts of the State, and operates with its main lines and branches a system of

FOUR HUNDRED AND SEVENTY MILES.

IT UNITES THE RAILROADS OF THE

United States with those of the Maritime Provinces,

—GIVING—

2 through trains each way daily 2

—BETWEEN—

BOSTON, PORTLAND, BANGOR AND ST. JOHN,

and is the only route to and from

AROOSTOOK COUNTY,

the Great Farming Territory of the State of Maine.

The Maine Central Railroad runs passenger trains as follows:

- 1** each way between **FARMINGTON, PHILLIPS, WINTHROP, READFIELD, WEST WATERVILLE,** and **NO. ANSON.**
- 2** each way between **ROCKLAND, BANGOR, DEXTER, BELFAST, PITTSFIELD, SKOWHEGAN** and **WATERVILLE.**
- 3** each way between **AUGUSTA, GARDINER, BRUNSWICK, BATH, AUBURN, LEWISTON,**

—AND—

BOSTON.

DAILY (Sundays excepted), and additional trains between points mentioned and Portland, and Accommodation Trains at convenient hours between **Augusta** and **Gardiner.**

Every facility is given to shippers and consignees for the transportation of Freight.

This road has also been largely instrumental in making the **STATE PROMINENT AS A SUMMER RESORT.** having aided in bringing to light and developing some of the best and richest retreats for **SUMMER TOURISTS** in the country, more conspicuously

MOOSEHEAD AND THE RANGELEY LAKES.

These, however, are not the only places, as this line leads into or connects for all of the **HUNTING AND FISHING RESORTS** in **Northern Maine** and **New Brunswick,** and offers a splendid route to

MT. DESERT,

either via **Rockland** or **Bangor.**

The Night Trains between **Boston** and **Bangor** run every night including **Sundays.**

PULLMAN SLEEPING CARS are run on all night trains between **Boston** and **Bangor,** and **Bangor** and **St. John.**

Limited Tickets for through points are on sale at low rates, and during the Summer, Excursion Tickets for prominent resorts are issued.

PAYSON TUCKER,

General Superintendent.

F. E. BOOTHBY,

General Pass. and Ticket Agent.

PREFACE.

IN accordance with our usual custom of publishing the Directory of Augusta, Hallowell and Gardiner, we now present No. 6 of the regular series, believing its fullness and correctness will fully sustain, if not surpass, its former reputation. Of its welcome reception by our former patrons and the general public we have the fullest confidence.

The combined social, commercial and manufacturing advantages which have accrued to the three cities here represented, on account of their proximity to each other and to one of the finest water powers in the State, joined to the important navigation facilities afforded by the mingling of the Kennebec river with tide water, from the base of its fall to its widening mouth, have so increased business and population as to call for a new directory quite as often as we have furnished it. As cities increase in size and importance the directory becomes more and more valuable and indispensable as a book of reference, not only to its citizens, but to strangers and visitors who have constant occasion to consult its pages for information of one kind or another.

The fire which occurred during the canvass and which at one time threatened the total destruction of the city, had the aspect of a serious blow to the business community and our patronage, this we are pleased to state has been fully met by our patrons, as will be seen by their numerous cards in the book.

There were six or eight mills and shops, between thirty and forty-five houses and one bridge destroyed, beside eighty families made homeless, the loss was estimated at from \$200,000 to \$300,000. Insurance about \$100,000.

Orders for our directories come to us from distant parts of the country, showing that our circulation is not limited to the cities they represent.

Persons using the directory will find it greatly to their advantage to know the precise spelling of a name before looking for it, as names pronounced the same but spelled in various ways will be found to appear on different pages at quite a distance from each other.

The present directory shows the following increase of names since the previous issue :

	1880.	1882.	Increase.
Names in Augusta,	2,936	3,002	66
Names in Hallowell,	1,219	1,315	96
Names in Gardiner,	1,838	2,195	357

We take this occasion to express our thanks for the uniform courtesy and important assistance afforded to our agents in collecting information for the present number.

W. A. GREENOUGH & CO.,
Editors and Publishers.

November, 1882.

五十年來之中國

五十年來之中國，其間經歷了極大的變遷。從清末的封建專制，到民國的共和理想，再到現在的社會主義建設，中國人民在艱辛的探索中，不斷尋求國家的獨立與民族的復興。這五十年來，中國經歷了無數的風雨飄搖，但始終屹立不倒，展現出了強大的生命力和韌性。

在政治方面，中國從君主專制轉變為共和政體，這是一個巨大的進步。雖然過程中經歷了許多曲折，但民主共和的觀念已經深入人心。現在，中國正朝著社會主義的方向不斷前進，人民的生活水平得到了顯著提高。

在經濟方面，中國從一個貧窮落後的農業國，發展成為一個初步工業化的國家。雖然在發展過程中面臨許多困難，但中國人民憑著智慧和勇氣，克服了一個又一個難關。現在，中國的經濟實力已經有了長足的進步，國際地位也不斷提高。

在文化方面，中國在吸收西方先進文化的同时，也保持了自身的傳統特色。中國文化博大精深，是中華民族的瑰寶。現在，中國正致力於弘揚優秀傳統文化，同時吸收世界各國的長處，創造出具有中國特色的新文化。

在外交方面，中國奉行獨立自主的和平外交政策，反對霸權主義和強權政治。中國積極參與國際事務，為維護世界和平與發展做出了重要貢獻。現在，中國正致力於構建人類命運共同體，為實現世界大同而努力。

總的來說，五十年來之中國，是一個不斷發展、不斷進步的國家。中國人民在艱辛的探索中，不斷尋求國家的獨立與民族的復興。現在，中國正朝著社會主義的方向不斷前進，人民的生活水平得到了顯著提高。中國的未來充滿了希望，我們相信，在中華民族的共同努力下，中國一定能夠實現偉大的復興。

WARD BOUNDARIES.

WARD NO. I.

Embraces all the territory between the Hallowell line, running from Kennebec river, westerly to its intersection with the south line of the road leading direct from Augusta to Hallowell cross roads, and a line thence running easterly on the south line of said road, over "Burnt Hill" to its intersection with the east line of Orchard street; thence southerly on the east line of Orchard street to its intersection with the north line of Court street; thence easterly on said north line of Court street, to its termination; thence in same course of said north line of said Court street to Kennebec river.

WARD NO. II.

Embraces all the territory between Ward No. 1 and a line running westerly from the west end of Kennebec bridge on the south line of Lambard's store to the foot of Bridge street; thence on the north line of Bridge street to its intersection with the east line of North street; thence on the east line of North street to its intersection with the south line of lot No. 10 (poor farm), according to Winslow's plan; thence westerly on the course of said south line of said lot No. 10 to its intersection with the west line of the town.

WARD NO. III.

Embraces all the territory between Ward No. 2 and a line running from Kennebec river on the north line of lot No. 12 (Bridge farm), and in the same course to its intersection with the mill brook; thence running in the center of said brook to its intersection with the town line.

WARD NO. IV.

Embraces all the territory between Ward No. 3 and Sidney line.

[Wards No. 5, No. 6 and No. 7, are on the east side of Kennebec river, and described as follows:—]

WARD NO. V.

Embraces all the territory between Hallowell line and a line running from the east end of Kennebec bridge easterly on the south line of Cony street and in the same course across Stone street; thence easterly on the south line of the Belfast road over "Malta Hill" to its intersection with the east line of the town.

THE JOURNAL OF THE

The Journal of the American Medical Association is a weekly publication of the American Medical Association, published in English. It is the official journal of the American Medical Association and is one of the most widely read and influential medical journals in the world. The journal covers a wide range of topics in medicine, including clinical medicine, public health, and medical education. It is published in both print and online formats.

the first of the year, the government of the country was in the hands of the British, and the people were in a state of confusion and distress.

The British government, however, was not content with this, and they determined to send a large force to the country, in order to restore order and to protect the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The British government, therefore, sent a large force to the country, and they were successful in restoring order and in protecting the people.

The first of these was the establishment of a permanent government for the United States. This was accomplished by the signing of the Declaration of Independence in 1776, which declared the colonies to be free and independent states. The second was the signing of the Constitution in 1787, which established the framework for the federal government. The third was the signing of the Bill of Rights in 1791, which guaranteed the rights of the citizens. The fourth was the signing of the Fugitive Slave Act in 1793, which required the return of escaped slaves to their owners. The fifth was the signing of the Alien and Sedition Acts in 1798, which gave the government the power to deport aliens and punish those who spoke against the government. The sixth was the signing of the Judiciary Act in 1801, which established the Supreme Court. The seventh was the signing of the Louisiana Purchase in 1803, which doubled the size of the United States. The eighth was the signing of the Missouri Compromise in 1820, which resolved the issue of slavery in the new territories. The ninth was the signing of the Compromise of 1850, which resolved the issue of slavery in the territories. The tenth was the signing of the Kansas-Nebraska Act in 1854, which allowed the territories to decide for themselves whether to be free or slave states. The eleventh was the signing of the Lincoln-Douglas Debates in 1858, which established Abraham Lincoln as a major political figure. The twelfth was the signing of the Emancipation Proclamation in 1863, which declared that all slaves were free. The thirteenth was the signing of the Reconstruction Acts in 1867, which established the process for rebuilding the South. The fourteenth was the signing of the Reconstruction Act of 1867, which established the process for rebuilding the South. The fifteenth was the signing of the Reconstruction Act of 1867, which established the process for rebuilding the South. The sixteenth was the signing of the Reconstruction Act of 1867, which established the process for rebuilding the South. The seventeenth was the signing of the Reconstruction Act of 1867, which established the process for rebuilding the South. The eighteenth was the signing of the Reconstruction Act of 1867, which established the process for rebuilding the South. The nineteenth was the signing of the Reconstruction Act of 1867, which established the process for rebuilding the South. The twentieth was the signing of the Reconstruction Act of 1867, which established the process for rebuilding the South.

DOMESTIC POSTAGE.

Drop Letters, per $\frac{1}{2}$ oz., 1 cent.

Mail Letters, per $\frac{1}{2}$ oz., 3 cents.

Books, transient newspapers, circulars and other transient printed matter, in packages not exceeding 4 lbs. in weight, at the rate of 1 cent for every two ounces or fraction thereof.

Liquids, glass and explosive chemicals are excluded from the mails.

MONEY ORDER OFFICE.

Especial attention is called to the Money Order system as a safe and cheap method of transmitting small sums of money through the mails. Orders are issued for amounts not exceeding \$50. Larger amounts can be sent to the same person at the same time by additional orders.

RATES.

Orders not exceeding \$15,	10 cents.
Orders over \$15 and not exceeding \$30,	15 cents.
Orders over \$30 and not exceeding \$40,	20 cents.
Orders over \$40 and not exceeding \$50,	25 cents.

Money orders are also drawn on this office on Great Britain, Germany, Switzerland, France and Italy.

REGISTERED LETTERS.

Letters and other valuable packages may be registered to any post-office in the United States, on the payment of letter postage and a fee of ten cents.

LOCATION OF STREET LETTER BOXES.

BOUNDARIES OF WARDS.

WARD No. I.

The territory between Augusta line and a line running westerly from Kennebec river on the southerly line of the railroad to Winthrop street, thence on the southerly line of Winthrop street to the line of the town of Manchester, shall constitute Ward One.

WARD No. II.

The territory between Ward One and a line running westerly from Kennebec river across Water street to Central street, thence on the south line of Central street and of the road leading westerly and a continuation of the same line to the town of Manchester, shall constitute Ward Two.

WARD No. III.

The territory between Ward Two and a line running westerly from Kennebec river on the North line of "Clark's wharf" to and across Water street on the south line of Temple street to and across Second street to Chestnut street, thence on the south line of Chestnut street to the head of said street, thence southerly to the north line of the Vaughan tract and by said north line to the line of the town of Manchester, shall constitute Ward Three.

WARD No. IV.

The territory between Ward Three and a line running westerly from Kennebec river up the Vaughan brook to Litchfield road, thence westerly on the south line of Litchfield road to Frederick Clark's east line, thence southerly on said Clark's east line to the south of the Vaughan tract to the line of the town of Farmingdale, shall constitute Ward Four.

WARD No. V.

The territory between Ward Four and the south line of the city, shall constitute Ward Five.

WARD ROOMS.

The Page school-house on Second street shall be the ward room in the First Ward, the Grammar school-room in the Second Ward, the City Hall in the Third Ward, the Vaughan school-house in the Fourth Ward, and the school-house on Loudon hill, in the Fifth Ward.

NOTES ON THE ANTHROPOLOGY OF THE INDIAN RACES OF NORTH AMERICA

BY
J. H. HARRIS

THE following notes are based on a study of the
literature on the anthropology of the Indian
races of North America, and are intended to
present a summary of the present state of
knowledge on the subject.

1. The Indian races of North America are
divided into two main groups, the
Algonquian and the Iroquoian.

The Algonquian group is the largest and
most numerous, and is found in the
northern and central parts of the continent.
The Iroquoian group is smaller and is
found in the eastern part of the continent.

2. The Algonquian group is further
divided into several sub-groups, the
most important of which are the
Ojibwa, the Cree, and the Sioux.

The Ojibwa are found in the north-western
part of the continent, the Cree in the
central part, and the Sioux in the
southern part. The Iroquoian group
is further divided into several sub-groups,
the most important of which are the
Mohawk, the Oneida, and the Seneca.

3. The Iroquoian group is further
divided into several sub-groups, the
most important of which are the
Mohawk, the Oneida, and the Seneca.

The Mohawk are found in the eastern
part of the continent, the Oneida in the
central part, and the Seneca in the
southern part. The Algonquian group
is further divided into several sub-groups,
the most important of which are the
Ojibwa, the Cree, and the Sioux.

4. The Algonquian group is further
divided into several sub-groups, the
most important of which are the
Ojibwa, the Cree, and the Sioux.

The Ojibwa are found in the north-western
part of the continent, the Cree in the
central part, and the Sioux in the
southern part.

5. The Iroquoian group is further
divided into several sub-groups, the
most important of which are the
Mohawk, the Oneida, and the Seneca.

The Mohawk are found in the eastern
part of the continent, the Oneida in the
central part, and the Seneca in the
southern part.

HALLOWELL DIRECTORY, 1882-3.

ABBREVIATIONS USED IN THIS DIRECTORY.

Ab., above; agt., agent; asst., assistant; av., avenue; A. S. & Sons, A. Sampson & Sons; b. or bds., boards; bet., between; bldg., building; blk., block; com. mer., commission merchant; c. or cor., corner; ct., court; h., house; H. C. M. Co., Hallowell Cotton Manufacturing Co.; K. & L. R. R., Knox & Lincoln Railroad; lab., laborer; mkr., maker; mnfr., manufacturer; M. C. R. R., Maine Central Railroad; n. near; opp., opposite; pl., place; P. O., Post-office; pres., president; rd., road; Rev., Reverend; r., rear; st., street; sec., secretary; sq., square; supt., superintendent; treas., treasurer; U. S. A., United States Army; U. S. N., United States Navy; W. & Co., Wilder & Co.; whol., wholesale; wid., widow; whf., wharf.

Where the name of a corporation or factory appears immediately after the name, it indicates the place of business. After the name of the street the word street is omitted.

Blake Orastus W., at A. Wilder & Co.'s, house Second,
near Lincoln

Blanchard George W., laborer, house Middle

Blatchford Samuel, polisher H. G. Co., house Winthrop,
near Warren

The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) and (2) under the assumption that the functions $f_i(x)$ and $g_j(x)$ are continuous and satisfy certain conditions. In the second part, the author considers the case when the functions $f_i(x)$ and $g_j(x)$ are piecewise continuous and the system of equations (1) and (2) is solved in the class of piecewise continuous functions. The third part of the paper is devoted to the study of the stability of the solutions of the system of equations (1) and (2) with respect to the initial conditions. The author shows that the solutions of the system of equations (1) and (2) are stable with respect to the initial conditions if the functions $f_i(x)$ and $g_j(x)$ satisfy certain conditions. The fourth part of the paper is devoted to the study of the stability of the solutions of the system of equations (1) and (2) with respect to the parameters. The author shows that the solutions of the system of equations (1) and (2) are stable with respect to the parameters if the functions $f_i(x)$ and $g_j(x)$ satisfy certain conditions. The fifth part of the paper is devoted to the study of the stability of the solutions of the system of equations (1) and (2) with respect to the boundary conditions. The author shows that the solutions of the system of equations (1) and (2) are stable with respect to the boundary conditions if the functions $f_i(x)$ and $g_j(x)$ satisfy certain conditions. The sixth part of the paper is devoted to the study of the stability of the solutions of the system of equations (1) and (2) with respect to the control. The author shows that the solutions of the system of equations (1) and (2) are stable with respect to the control if the functions $f_i(x)$ and $g_j(x)$ satisfy certain conditions. The seventh part of the paper is devoted to the study of the stability of the solutions of the system of equations (1) and (2) with respect to the disturbance. The author shows that the solutions of the system of equations (1) and (2) are stable with respect to the disturbance if the functions $f_i(x)$ and $g_j(x)$ satisfy certain conditions. The eighth part of the paper is devoted to the study of the stability of the solutions of the system of equations (1) and (2) with respect to the initial conditions, the parameters, the boundary conditions, the control, and the disturbance. The author shows that the solutions of the system of equations (1) and (2) are stable with respect to the initial conditions, the parameters, the boundary conditions, the control, and the disturbance if the functions $f_i(x)$ and $g_j(x)$ satisfy certain conditions. The ninth part of the paper is devoted to the study of the stability of the solutions of the system of equations (1) and (2) with respect to the initial conditions, the parameters, the boundary conditions, the control, and the disturbance. The author shows that the solutions of the system of equations (1) and (2) are stable with respect to the initial conditions, the parameters, the boundary conditions, the control, and the disturbance if the functions $f_i(x)$ and $g_j(x)$ satisfy certain conditions. The tenth part of the paper is devoted to the study of the stability of the solutions of the system of equations (1) and (2) with respect to the initial conditions, the parameters, the boundary conditions, the control, and the disturbance. The author shows that the solutions of the system of equations (1) and (2) are stable with respect to the initial conditions, the parameters, the boundary conditions, the control, and the disturbance if the functions $f_i(x)$ and $g_j(x)$ satisfy certain conditions.

The American people are a people of the future. They are a people who are not content with the present, but who are always looking forward to the future. They are a people who are always improving themselves, and who are always making progress. They are a people who are always striving for the better, and who are always seeking the truth. They are a people who are always fighting for the right, and who are always standing for the good. They are a people who are always making a better world, and who are always creating a brighter future. They are a people who are always moving forward, and who are always reaching for the stars. They are a people who are always making a difference, and who are always leaving a legacy. They are a people who are always making a better world, and who are always creating a brighter future. They are a people who are always moving forward, and who are always reaching for the stars. They are a people who are always making a difference, and who are always leaving a legacy.

The first of these was the discovery of gold in California in 1848. This led to a great influx of people to the West, and the discovery of gold in Nevada in 1859 led to a similar influx. The discovery of gold in Colorado in 1858 and in Idaho in 1860 also led to a great influx of people to the West.

The second of these was the discovery of silver in Colorado in 1859. This led to a great influx of people to the West, and the discovery of silver in Idaho in 1860 also led to a similar influx. The discovery of silver in Nevada in 1859 and in Colorado in 1860 also led to a great influx of people to the West.

The third of these was the discovery of copper in Arizona in 1851. This led to a great influx of people to the West, and the discovery of copper in Nevada in 1859 also led to a similar influx. The discovery of copper in Colorado in 1858 and in Idaho in 1860 also led to a great influx of people to the West.

The fourth of these was the discovery of iron in Colorado in 1858. This led to a great influx of people to the West, and the discovery of iron in Idaho in 1860 also led to a similar influx. The discovery of iron in Nevada in 1859 and in Colorado in 1860 also led to a great influx of people to the West.

The fifth of these was the discovery of lead in Colorado in 1858. This led to a great influx of people to the West, and the discovery of lead in Idaho in 1860 also led to a similar influx. The discovery of lead in Nevada in 1859 and in Colorado in 1860 also led to a great influx of people to the West.

The sixth of these was the discovery of zinc in Colorado in 1858. This led to a great influx of people to the West, and the discovery of zinc in Idaho in 1860 also led to a similar influx. The discovery of zinc in Nevada in 1859 and in Colorado in 1860 also led to a great influx of people to the West.

The seventh of these was the discovery of nickel in Colorado in 1858. This led to a great influx of people to the West, and the discovery of nickel in Idaho in 1860 also led to a similar influx. The discovery of nickel in Nevada in 1859 and in Colorado in 1860 also led to a great influx of people to the West.

The eighth of these was the discovery of platinum in Colorado in 1858. This led to a great influx of people to the West, and the discovery of platinum in Idaho in 1860 also led to a similar influx. The discovery of platinum in Nevada in 1859 and in Colorado in 1860 also led to a great influx of people to the West.

Warner Herbert A., clerk B. F. Warner, Water, boards do., Summer

Warner Lydia M. Miss, boards B. F. Warner's, Summer

The first of these is the fact that the medical profession is not organized as a single body. It is divided into many different groups, each of which has its own interests and its own methods of action. This lack of unity is a great weakness, and it is one of the reasons why the medical profession has been so often the victim of public opinion.

The second reason is the fact that the medical profession is not organized as a single body. It is divided into many different groups, each of which has its own interests and its own methods of action. This lack of unity is a great weakness, and it is one of the reasons why the medical profession has been so often the victim of public opinion.

The third reason is the fact that the medical profession is not organized as a single body. It is divided into many different groups, each of which has its own interests and its own methods of action. This lack of unity is a great weakness, and it is one of the reasons why the medical profession has been so often the victim of public opinion.

The fourth reason is the fact that the medical profession is not organized as a single body. It is divided into many different groups, each of which has its own interests and its own methods of action. This lack of unity is a great weakness, and it is one of the reasons why the medical profession has been so often the victim of public opinion.

THE AMERICAN ACADEMY OF ARTS AND LETTERS
HAS THE HONOR TO ANNOUNCE

THE FORTY-THIRD ANNUAL MEETING
TO BE HELD AT THE
HOTEL MONTELEONE, NEW ORLEANS, LOUISIANA
ON MONDAY, DECEMBER 15, 1914

The meeting will be held in the afternoon of the first day, and will be followed by a reception at the Hotel Monteleone. The evening of the first day will be devoted to a dinner and entertainment at the Hotel Monteleone. The second day of the meeting will be devoted to the presentation of papers and the election of officers for the coming year. The third day of the meeting will be devoted to a tour of the city and a visit to the various points of interest. The fourth day of the meeting will be devoted to a luncheon and a presentation of the prizes for the coming year.

The American Academy of Arts and Letters is a body of men and women of letters, artists, and scholars, who are elected to membership by the Academy. The Academy is organized for the purpose of promoting the arts and letters in America, and of fostering the study and appreciation of the same. The Academy is composed of members who are elected to membership by the Academy, and who are elected to membership by the Academy.

Regular meetings every Tuesday evening, at Fraternity hall, Water street.

INSTITUTIONS.**MAINE INDUSTRIAL SCHOOL FOR GIRLS.**

Dedicated Wednesday, Jan. 20, 1875.

The Maine Industrial School for Girls is designed as a refuge for viciously inclined girls between the ages of seven and fifteen years, who by force of circumstances or associations are in manifest danger of becoming outcasts of society. It is not a place of punishment, to which its inmates are sent as criminals by criminal process—but a home for the friendless, neglected, and vagrant children of the State, where, under the genial influences of kind treatment, and physical and moral training, they may be won back to ways of virtue and respectability, and fitted for positions of honorable self-support, and lives of usefulness.

The Institution is a private corporation, composed of the original corporators and associate subscribers. By them its affairs are committed to a Board of Managers. The State is represented on the Board by the Governor, Secretary of State, and Superintendent of Common Schools. It has provided by statute law for the custody and education of wayward and exposed girls, therein, and aids in their material support.

BOARD OF MANAGERS.

Sidney Perham, Paris, *Président*; Charles E. Nash, Augusta, *Secretary*; Eliphalet Rowell, Hallowell, *Treasurer*; the Governor, Secretary of State, and Superintendent of Common Schools, *Ex officio on part of the State*; Benj. Kingsbury, Portland, term expires Dec., 1884; Mrs. Sarah F. Hamilton, Saco, term expires Dec., 1884; Henry K. Baker, Hallowell, term expires Dec., 1884;

COPSECOOK MILL, S. D. Warren & Co., props.,
 (220 Devonshire, Boston), paper mfrs., H. E. Mer-
 riman, agent, Water, New Mill village (see p. 362)

the first of these was the establishment of a new
order of monks, the Cistercians, who were
founded by St. Bernard of Clairvaux in the
twelfth century. They were a more austere
and more active order than the Benedictines,
and they played a great part in the reformation
of the church. They were the first to introduce
the use of the vernacular in the liturgy, and
they were the first to establish a system of
education for the poor. They were also the
first to introduce the use of the printing press,
which was a great help to the reformation.
The second of these was the establishment of
the Lollards, who were a sect of English
reformers who were active in the fourteenth
century. They were the first to introduce the
use of the vernacular in the liturgy, and they
were the first to establish a system of
education for the poor. They were also the
first to introduce the use of the printing press,
which was a great help to the reformation.
The third of these was the establishment of
the Hussites, who were a sect of Bohemian
reformers who were active in the fifteenth
century. They were the first to introduce the
use of the vernacular in the liturgy, and they
were the first to establish a system of
education for the poor. They were also the
first to introduce the use of the printing press,
which was a great help to the reformation.

My dear Mr. [Name],

I have just received your letter of the 10th inst. and am glad to hear that you are well. I am also well and hope this letter finds you the same. I have been thinking of you very much lately and wondering how you are getting on. I hope you are enjoying your work and that everything is going well for you. I have been very busy lately, but I have managed to find some time to write you. I have been thinking of you very much lately and wondering how you are getting on. I hope you are enjoying your work and that everything is going well for you. I have been very busy lately, but I have managed to find some time to write you. I have been thinking of you very much lately and wondering how you are getting on. I hope you are enjoying your work and that everything is going well for you. I have been very busy lately, but I have managed to find some time to write you.

I am, dear Mr. [Name], very truly yours,
[Signature]

Ward George, millman, boards P. H. Rittal's, River road

The first part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present. The author then goes on to discuss the various factors that have shaped the development of the United States, including the role of the government, the influence of the economy, and the impact of the culture. The paper concludes by suggesting that a study of the history of the United States is not only a valuable academic exercise, but also a necessary one for anyone who wishes to understand the world in which we live.

Pound Keeper and Superintendent of City Farm—Charles M. Stevens.

Sealer of Weights and Measures—George M. Wentworth.

Night Watch—Henry Collins, John F. Lunt.

The first of these is the fact that the
country is a very fertile one, and
the soil is very rich. The second
is that the climate is very healthy,
and the air is very pure. The third
is that the water is very good, and
the food is very good.

The fourth is that the people are
very kind, and the customs are
very good. The fifth is that the
government is very good, and the
laws are very good. The sixth is
that the religion is very good, and
the people are very good.

The seventh is that the science is
very good, and the art is very
good. The eighth is that the
music is very good, and the
dancing is very good. The ninth
is that the sports are very good,
and the games are very good.

The tenth is that the games are
very good, and the sports are
very good. The eleventh is that
the people are very good, and the
customs are very good. The
twelfth is that the government is
very good, and the laws are very
good.

The thirteenth is that the religion
is very good, and the people are
very good. The fourteenth is that
the science is very good, and the
art is very good.

ATTENTION! HORSEMEN.

GREAT DISCOVERY!

A Word of Advice to Farmers and Breeders!

By using my Celebrated WORM POWDERS for Worms in Horses, according to directions, the general system is restored and improved, the worms surely removed and the horse or colt made to look handsome, sleek and lively. These Powders.

are for sale by Druggists and at Country Stores; and they are also sent by mail at **35 Cents a Box, or 3 Boxes for \$1.00.** Send for Circular of Testimonials. Druggists say that they are the best selling Powder in the market. Horsemen say that they are just the thing to remove worms

Put up and Sold by E. GOULD, Water Street, AUGUSTA, ME.

Also, Proprietor of **GOULD'S COLIC MIXTURE** for Man or Beast. Price 50cts. per bottle
